S T A Y

S A F E

The molecular structure of Chlorhexidine has a high affinity for epidermis proteins, guaranteeing rapid absorption into the skin.

CHLORHEXEDINE DIGLUCONATE

Chlorhexidine is known to be a strong, **broad spectrum disinfectant agent** with a powerful antimicrobial effect against **viruses, fungi, gram+ and gram- bacterias.**

The molecular structure of chlorhexidine gives it an affinity for proteins of the epidermis and determines its rapid and persistent absorption into skin for a deep sanitizing action.

GENTLE HAND SOAP WITH
SANITIZING ELEMENTS
(CHLORHEXIDINE
DIGLUCONATE)
IDEAL FOR **DEEP CLEANSING**
AND SANITIZING HANDS.

HAND WASH
WITH ANTIBACTERIAL

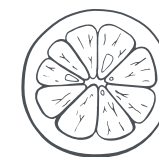

The Soap gently washes, purifying and protecting your hands against impurities. Suitable for all skin types, it leaves the hands soft and delicately perfumed. Formulation with very high sanitizing performance thanks to the presence of **Chlorhexidine digluconate** known to carry out an antiseptic action with a broad spectrum of action.

STAR INGREDIENTES:

Grapefruit seeds - with a **purifying and rebalancing action**, rich in vitamin C - Lemon extract leaves, branches and juice - rich in vitamin and antioxidants, purifying and rebalancing. Lemon Essential Oil - with antibacterial and dermo-purifying, protective and astringent action. - Lime extract - with purifying and rebalancing action, rich in vitamin C and natural antioxidants. Tiare Extract: it moisturizes and softens the skin. Lotus Flower Extract - With calming properties, rich in collagen, it fights aging and skin drying - Delicate surfactant derived from olive oil - for emollient and gentle cleansing application antioxidant power; thanks to isoflavones it promotes protection against tissue dehydration because it forms a protective hydrolipidic layer that prevents the loss of liquids.

**PUMP DISPENSER
WALL BRACKET**

380 ML

Freestanding bottle made by 100% post Consumer r-PET with pump.

The **Closure Tamper - proof pump** system makes this dispenser solution elegant, safe and convenient.

The dosage of the pump is designed to optimize a single 1.2 cc use of product.

- Anti-theft system: thanks to the cavity on the bottom, the bottle does not come off the bracket.
Anti-theft accessible with key.
- Application: double sided Tape
- Made In Italy
- 100% ABS

SHAMPOO WITH SANITIZING
ELEMENTS (CHLORHEXIDINE
DIGLUCONATE)
IDEAL FOR **DEEP CLEANSING**
AND SANITIZING HAIR AND
SCALP.

SHAMPOO
WITH ANTIBACTERIAL

Shampoo with Sanitizing Elements ideal for **deeply cleansing and sanitizing hair and scalp**. The shampoo shower intervenes by favorably restoring correct scalp hygiene thanks to the presence of a very delicate washing base combined with the sanitizing effect of Chlorhexidine.

STAR INGREDIENTES:

Hydrolyzed keratin: it is a protein that works by restructuring the hair and arranging the hair fiber. Keratin performs protective and strengthening functions. These bonds guarantees the resistance, elasticity and solidity of hair. - **Amino acid complex:** acts by strengthening and reconstituting the hair fibers and improving the health of the hair. - **Linseed oil** - makes hair soft and shiny. - **Argan oil** - counteracts dryness and dehydration of the hair, and has a detangling action. Argan oil makes the skin soft and velvety, protecting it from external agents. Repairs dry epidermis, nourishing it in depth with a moisturizing and emollient effect.

BARRIER.**

BODY LOTION
WITH MOISTURISERS

This body cream is enriched with **Vitamin E** and **Shea butter** to absorb quickly and restore skin's elasticity while delivering smooth, long-lasting hydration.

Vitamin E fights off free radicals on the skin, which are a result of daily environmental stressors like unprotected sun exposure and air pollution. In fighting off free radicals, Vitamin E helps protect the skin from damage.

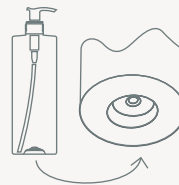

Shea butter contains high levels of linoleic acid and oleic acid. These two acids balance each other out. That means shea butter is easy for your skin to fully absorb and won't make your skin look oily after application

THE HYDRATING EFFICACY*

This cream increases hydration by +19.3% after 60 minutes leaving skin hydrated also after 24 hours (+9.0%)

*Independent Lab tests panel of 20 people for 24 hours.
